Building Permits 04/01/2021 - 04/30/2021

Work Description: I will be converting this designated space above the garage into a legitimate bedroom. It's 250 sqft and the room was built to be an actual bedroom.

Issued : 04/23/2021

I have already received approval from my HOA as there are similar models in the neighborhood with a converted bedroom.

I will be installing a window, closet, electrical and everything else need to ensure this is a permittable room.

I have already received SStructural Engineering plans from a licensed engineer.

I have hired Fisher Q Electrical LLC to do all Electrical and they will be pulling the necessary permits for that.

I've also hired Matco Heat and Air and they will be providing all HVAC services.

Note - this room remodel is on an existing room that i have confirmation was designed and built to withstand the weight of an actual bedroom. I can verify that via screenshots of my email but they refuse to give me the actual floor plan documents as they claim it's proprietary.
